

# Watchfire 2024

Quite a few on hand for the annual Watchfire to retire old, worn or damaged flags, many of which come from the Memorial Day observance. Scouts from Troop 825 “load” the stack of pallets donated by local business and residents. An engine and crew from the Mexico Fire Dept. was on site to insure safety. The Post provided free snacks, (hot dogs and sodas) and the weather was perfect with mild temperatures and light breezes. The event kicks off at about 6 pm and the fire is lit near dusk.
